1. Introduction

On 17 March 2020, 30 March 2020, 20 April 2020, 27 May 2020, 10 June 2020 and 24 June 2020, the Chief Justice of British Columbia issued directions modifying the operations of the Court of Appeal for British Columbia to protect the health of litigants, court staff, judges and members of the public and to help contain the spread of the 2019 novel coronavirus (COVID-19).

This new notice, which applies to civil and criminal appeals, replaces the 17 March, 30 March, 20 April, 27 May, 10 June and 24 June notices, and provides new information regarding requests for hearings to take place in a courtroom and the suspension of service and filing deadlines. In particular:

1.1 Suspension of service and filing deadlines

The suspension of service and filing deadlines for existing appeals and chambers applications started 18 March 2020 and has been extended from 13 July 2020 to 27 July 2020.

1.2 Requests for in-courtroom or video hearings

Parties may now request that their appeal hearing proceed in a courtroom or by Zoom videoconference. Please see 3.3 below for more information.

1.3 Continuation of court operations

Despite the suspension of service and filing deadlines being extended until 27 July 2020, the following information has not changed:

- ✓ The registry is accepting filings in all matters, and parties are encouraged to advance their appeals if they are able to do so.
- ✓ In civil appeals, electronic filing remains mandatory for counsel and optional for self-represented litigants. Section 3.2 below has been repealed and replaced with the updated instructions on filing materials in all appeals and applications provided in this new [Notice to the Public Regarding Modified Filing Directions](#).
- ✓ The Court will hear all chambers applications and Registrar's appointments, including those that are not urgent, by teleconference or in writing. For all new chambers applications or appointments, litigants must file and serve materials according to the timelines required under the *Court of Appeal Act*, *Court of Appeal Rules*, *Criminal Code*, the *Court of Appeal Criminal Rules* and the Court's Civil and Criminal Practice Directives.

2. New Appeals and Applications for Leave to Appeal

2.1 Required Time Periods to Commence Civil or Family Proceedings

The required time periods to commence civil or family proceedings stopped running on 26 March 2020. For further details review [Ministerial Order No. M098](#). This means that until further notice you may start an appeal if you wish to do so, but, if you are unable to start an appeal, you can wait without concern that the limitation period to start civil or family proceedings will expire.

The suspension of time periods started on 26 March 2020 and will remain in effect until the state of emergency declared under s. 9(1) of the *Emergency Program Act* on 18 March 2020 expires or is cancelled. This means that any notice of appeal or application for leave to appeal that needed to be filed before 26 March 2020 is still subject to the usual timeline to initiate, including those that needed to be filed between 18 March 2020 and 26 March 2020.

2.2 Required Time Periods to Commence Criminal Proceedings

Parties should continue to file and serve notices of appeal or applications for leave to appeal in criminal matters within required time periods.

3. Existing Appeals and Applications

3.1 Filing and Service Deadlines

The filing and service deadlines for all existing appeals, existing applications for leave to appeal, and other existing matters before the Court were suspended by direction of the Chief Justice and they will remain suspended until 27 July 2020. This means that the required time periods to file or serve materials stopped running on 18 March 2020 and will not start to run again until 27 July 2020. Beginning 27 July 2020 you will have the same amount of time to file and serve materials as you would have been entitled to on 18 March 2020.

For clarity, the Chief Justice has further directed that the operation of s. 25 of the *Court of Appeal Act* is also suspended from 18 March 2020 until 27 July 2020, meaning that matters will not be placed on the inactive list or dismissed as abandoned by operation of s. 25 during this period.

Neither the direction of the Chief Justice effective 18 March 2020 nor Ministerial Order No. M098 suspends the timelines for taking a step required by court order or direction. However, counsel/litigants can expect the Court will likely consider the exceptional circumstances created by the COVID-19 pandemic as a factor if an extension is sought.

Despite the suspension of deadlines until 27 July 2020, the registry is accepting filings in all matters, including matters that are not urgent. Parties are encouraged to advance their appeals and to communicate with one another on how they will proceed.

3.2 How to File Documents and Materials

Section 3.2 of this Notice has been repealed and replaced with the court's [Notice to the Public Regarding Modified Filing Directions in Civil and Criminal Appeals](#).

3.3 Appeal Hearings

Since early April, the Court has conducted most appeals by video conference. As of 13 July 2020, however, the Court can accommodate appeal hearings in the courtroom or by video conference subject to the limitations explained below. The parties may also consent to have their appeal conducted solely in writing by submitting a request to the Registrar indicating their consent.

The Court appreciates that during the COVID 19 pandemic the preference of counsel/litigant(s) as to mode of hearing may relate to personal circumstances. The Court does not generally wish to play a role in deciding between the alternatives, although the Court may exercise its discretion to direct the mode of hearing.

3.3.1 Court Proceedings Form - Preferred Mode of Hearing

In order to permit efficient scheduling, the Court requires that at least seven days before an appeal hearing, counsel/litigant(s) file a "[Court Proceedings Form](#)" described below. Before completing the Form counsel/litigants are encouraged to consult and reach consensus on the mode of hearing to be selected.

Where one counsel/litigant would prefer a video hearing, no reason need be disclosed to the Registry or to the other counsel/litigant(s); in this instance, regardless of whether consensus has been reached, the Court will allow the hearing to proceed by video conference absent extraordinary circumstances.

Where all litigants would prefer an in-courtroom hearing, the Court will allow the hearing to proceed in a courtroom unless social distancing guidelines cannot be met or unless there are other factors that make an in-courtroom hearing unsuitable or impractical.

Counsel/litigants must submit the [Court Proceedings Form](#) to advise the Court:

- 1) the preferred mode of hearing (in-courtroom or video);
- 2) who will be attending the hearing;
- 3) for video hearings, any concerns about the privacy or confidentiality of information that will be involved in the video proceeding;
- 4) for video hearings, any personal concerns about attending by video; and
- 5) for video hearings, proposed steps to mitigate any of the concerns identified.

At the appeal hearing, counsel/litigants must expect to address the nature and terms of any publication bans or sealing orders (including who is subject to such orders).

3.3.2 Hearings in a Courtroom

The Court has made adjustments to the physical facilities at the courthouse to ensure hearings will comply with public safety guidelines. At this time, all hearings in a courtroom will take place in courtrooms 50 or 60 with a maximum of four lawyers or self-represented litigants attending at one time. Parties should be aware that because of social distancing guidelines, usually no more than seven observers may be accommodated in the courtroom.

Counsel/litigant(s) are asked to advise the registry immediately if unexpected circumstances related to the COVID-19 virus arise prior to the hearing, such that a counsel/litigant prefers a switch to a video conference hearing. No reason need be provided to the Registry and the Court will endeavor to accommodate such a switch. A request for such accommodation should be made as early as possible but may be made right up until the morning of the hearing.

Persons in the courtroom are not required to wear masks, but everyone may of course do so, except when addressing the Court at the hearing. Counsel/litigants must bring their own water supply and present their arguments from their own table (individual lecterns will be provided). Furniture will be cleaned and disinfected between hearings.

The Court Services Branch has developed [health and safety protocols](#) which apply to all public spaces of the courthouse. All people attending are asked to be familiar with these protocols and to cooperate in observing them.

3.3.3 Video Conference Hearings

Video conference hearings will proceed using Zoom, a commercial service that has been employed successfully in conducting hearings in other Canadian courts.

Instructions on videoconference logistics and Court etiquette are provided in this [Notice to the Public regarding video conference proceedings](#). Parties will be expected to become familiar and test their video and audio capabilities using the Zoom platform before any court hearing.

3.3.4 Access to Hearings

Members of the media or public wishing to access hearing in a courtroom or by video conference, should see the [Notice to the Public regarding access to court proceedings](#).

3.4 Chambers Hearings

All chambers applications will proceed by teleconference unless otherwise directed. For all new chambers applications, counsel/litigants must file and serve materials according to the timelines required under the *Court of Appeal Act*, *Court of Appeal Rules*, *Criminal Code*, the *Court of Appeal Criminal Rules* and the Court's Civil and Criminal Practice Directives. Chambers applications may also proceed in writing by approval of the Court on consent request addressed to the Registrar.

The Court's capacity to hear a full chambers list may remain compromised. As such:

- Counsel/litigants should coordinate with one another **before** filing a chambers application and should be prepared to meet all subsequent filing and service deadlines set out in the *Court of Appeal Act* and *Rules*.
- Counsel/litigants must check the online list of available dates **before** filing a chambers application in accordance with [Booking Civil Chambers Applications \(Civil Practice Note, 8 May 2017\)](#), and should check again just before e-filing.
- Counsel/litigants should be patient with the occasional need to re-book chambers applications to other dates, given expected demands. The chambers scheduler, as a Deputy Registrar, has the final say on the reassignment of dates, if necessary (no appeals to the Registrar).

Given the need to conduct chambers matters by teleconference and get materials to the presiding judge, the late filing of chambers materials will not be permitted.

3.5 Hearings before the Registrar

All hearings set to proceed before the Registrar will proceed by Zoom, teleconference, in writing, or as directed by the Registrar. As with chambers, for all new appointments, counsel/litigants must file and serve materials according to the timelines required under the *Court of Appeal Act* and *Court of Appeal*

Rules, Criminal Code, Court of Appeal Criminal Rules, and the Court's Civil and Criminal Practice Directives. Counsel/litigants may also request or consent to an appointment being heard in writing only.

4. Self-Represented Litigants

Self-represented litigants are expected to comply with the modified processes set out in this notice.
